

Moisture Resistant Gypsumboard (MR)

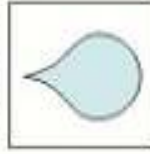

In addition to the features of Knauf Standard Gypsumboard (RG), **Knauf Moisture Resistant Gypsumboard (MR)** is impregnated against the absorption of moisture by hydrophobizing agents. It is used in moist areas (e.g. kitchens and bathrooms) and humid environments. Knauf MR board is visually recognizable by its green boardliner and blue marking on the back.

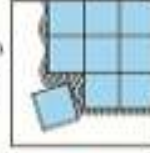

Tapered edges give more space for bedding the joint filler and tape. As a result, a seamless fine finish is achieved at joints.

Thickness (mm)	Width (mm)	Length (mm)	Weight (kg/m ²)	Boards/Pallet	Edge Profile
12.5	1200	2400/2500 2800/3000	10.6	60	AK
15	1200	2400/3000	13.5	60 50	AK
18	1200	2400/3000	16.4	50 40	AK
